FIFA LIFTS KUWAITI BAN

Q8 Capital Offers Its Congratulations To The Kuwait Community For Its Role In Conforming To FIFA's Policy

Kuwait took many steps to amend its football related laws to comply with FIFA and international standards. The initial ban prevented Kuwaiti clubs from participating in the continental AFC Cup and the Kuwaiti National Team from playing in the FIFA World Cup 2018 Qualifiers and the 2019 AFC Asian Cup.

His Highness the Prime Minister Sheikh Jaber Al-Mubarak Al-Hamad Al-Sabah met with FIFA President Gianni Infantino and announced that the government will make sure Kuwaiti footballers can play internationally again.

His Highness also referenced a newly introduced sports law which FIFA approved and supported to officially reintroduce Kuwait back into global football competitions.
